Dear Jason,

RE: RECENT WEBSITE UPDATES, IMPROVEMENT AND S.E.O

Thank you for very much for the recent changes to our website, I'm delighted with the news / blog page and think it will become a very important feature and asset to our site. I have already noticed a good jump in the traffic, since the search engine optimization was completed just a few weeks ago - I'm confident we will soon realise the benefits in our business and owe you a lot of the credit.

I would have no hesitation in recommending [CY Group](#) to any company, I greatly appreciated your prompt service, the results we achieved and I have to say, at a fair and reasonable cost. It is a relief to finally find a company who take a genuine interest in their work and deliver the workload they promise.

I look forward to working with you on future updates and improvements to our websites.

With sincere thanks and kind regards,

TREVOR JONES A.N.A.E.A
